

September 2016 Website Use

Our site usage increased in September, when we had twice as many visitors as in August, although each viewed only half as many pages. The charts below summarize the total usage. During September the site had 2741 visits from 1438 unique visitors, a substantial increase from August's 1237 visits from 472 visitors. However, each September visit involved only about three pages, while the August visits involved about six, so that 8723 pages were viewed in September, compared to 7490 in August.

Our administration load remains large, as shown by the use of */administrator/index.php*, the entry point for site maintenance, but the events calendar and news page were also popular. Note that some pages, such as */media/jui/fonts/IcoMoon.woff*, are just for support and aren't really something the user consciously viewed.
