Welcome to the Coastal Empire Regions Driver Education / High Performance Driving School!

The mission and purpose of the Porsche Club of America's Driver Education Program is to provide a safe, structured and controlled teaching and learning environment. The PCA DE Program is designed so that participants can improve their driving abilities and acquire a better understanding of vehicle dynamics and driving safety. Participants will experience first-hand the capabilities of their high performance automobiles in a controlled, closed-course environment and acquire skills that will enhance safer vehicle operation in all driving situations.

One GIANT word of caution: this adventure can become *VERY* addictive. We will teach you to drive your performance car the way it was designed to be driven. Like any new sport, your Instructor will guide you safely into this exciting world of High Performance Driving. These schools are truly the safest way to learn the dynamics that went into the development of your car and develop your own driving skills.

Please note that PCA DE events are not racing, nor preparation for racing. No times or placings are recorded. No prizes or awards are received by the participants. It is just a lot of fun and good camaraderie.

Any conduct considered by the Porsche Club of America or by The Coastal Empire Region, to be either unsafe or inconsistent with the spirit or purpose of the Driver Education Program will not be tolerated. We want the event to be safe and fun for all participants.

Good luck. *And have fun!*
